NORMI™ Certification/Licensing Processes

This document has been provided to help the students navigate the various licensing laws now in place to regulate the mold professional. States that require licensing have co-opted the "certification" title thereby making the certification and licensing process the same process. Questions may be directed to 877.251.2296 or support@normi.org

States/Municipalities Recommending Certification

Rather than setting up a licensing process for mold professionals, some states/municipalities are establishing guidelines by which professionals should be trained and certified. To date, these include: the following entities:

NDAA—The MOLD Act (Military Occupancy Living Defense)
Connecticut HB 2026
California CDPH Recommendations
Iowa HF 2722
Ohio HB 841
Virginia Title 55.1-1215
West Virgina HB 4351

ONSITE or LIVE Online (Simulcast) Option (24 hours)

Complete NORMI CMA/CMR Training	Price Varies by Location
Take Appropriate Proctored Exam(s)	Price Varies w/Options
Pay Certification Fee	Included w/Exam Fee
Activate NORMI Membership (Active)	Annual NORMI/ISSA Combo

Take Appropriate Proctored Exam(s)	Included in Certification*
Submit High School Diploma or GED	Required
Submit Work Resume (may be waived)	Required
Provide Proof of Insurance (Company or Individual)	Required**

NOTES: Each state certificate (hard copy for proof) requires the appropriate certification fee whether or not multiple certifications are needed for an individual.

*Examination is included with certification when onsite proctored exam has not been taken in class.
**Insurance may not be required for certain certifications or where accreditation is implemented.
***When a current active license is in place with the applicable State, this element may be waived.
