Any registered member of the ISSA Hygieia Network can apply to participate in the Mentorship Program.

If not already registered, potential applicants should sign up online at www.hygieianetwork.org.

Expressions of interest in being a mentee should then be emailed to hannah@issa.com.
Mentoring is defined as a professional relationship in which an experienced person (the mentor) assists another (the mentee) in developing specific skills and knowledge that will enhance the less-experienced person’s professional and personal growth.

The ISSA Hygieia Network Mentorship Program facilitates and encourages professional development of members at any stage in their career and in any area related to their work in the professional cleaning and jansan industry.

As such it is perfectly aligned to and support of the ISSA Hygieia Network’s over-arching commitment to the advancement and retention of women in all branches and at all levels of the global cleaning industry.

The initial set of mentors will be members of the ISSA Hygieia Network Council including: Holly Borrego, Senior Director of Cleaning Services, C&W Services; Nathalie Doobin, CEO, Harvard Services Group; Ilham Kadri, President, Diversey Care; Meredith Reuben, CEO, EBP Supply Solutions; Linda Silverman, President, Maintex; and Lydia Work, CEO, American Paper Converting.

The Benefits for Mentees

The ISSA Hygieia Network Mentorship Program provides a wide range of benefits to mentees.

These include the opportunity to develop new skills and expertise; access to independent and objective perspectives; increased confidence in dealing with challenges and issues; as well as help in setting and advancing career direction.
