

BUSINESS PACKAGE INSURANCE

What is Business Package Insurance?

Every business is different as are their risks and insurance needs.

A Business Package Insurance also commonly referred to as a "Biz Pack" provides a number of insurance options that you can select to target a broad spectrum of risks faced by small to medium sized businesses.

The team at Bespoke pride ourselves on supporting businesses of all sizes to succeed. The type of business you are running is irrelevant, our experienced brokers will work hard with you to deliver personalised policy offerings with cost effective tailored insurance solutions to meet your specific business needs.

Do I need a Business Package Insurance?

A Business Package Insurance is for any business, regardless what type of business or industry you are a part of.

You will need a Business Package Insurance if:

- ✓ You're currently involved in a small to medium sized business
- ✓ You're planning to start a new small to medium sized business

Business Package Insurance:

A typical Business Pack includes the following cover:

- ✓ Public & Products Liability Insurance Cover
- ✓ General Liability Insurance Protection against
 - ▶ fire
 - ▶ theft
 - ▶ accidental and
 - ▶ malicious damage done to your business

There are additional optional covers available within this policy. These allow you/us to tailor the policy to your businesses specific risks and exposures. This ensures you are not paying for cover your business does not need.
